

# NAMI Ending the Silence

National Alliance on Mental Illness

is coming to **YOU!**

When: November 20th, 2024 at 7:00 PM

Where: Springfield Community Center, 605 8th St., Springfield, SD

Who: Community Members interested in learning about adolescent mental health

## What is NAMI Ending the Silence?

NAMI Ending the Silence is a free presentation designed to give audience members an opportunity to learn about mental illness through an informative PowerPoint and short videos. There are three types of Ending the Silence presentations: one for Middle/High School Students, one for School Staff, and one for Families. Each presentation outlines symptoms of mental health conditions and gives attendees ideas about how to help themselves, friends, or family members who may need support. Additionally, all 3 presentations include personal testimony from a young adult living with a mental health condition and his/her journey to recovery.

## Audience Perspectives

"It is amazing what just one day, one talk can do. You never really know what's going on in the brain of any particular student." -Teacher

"I'm really grateful and glad that you talked to us. I often feel very alone or weird because many kids my age don't understand. But, now I'm sure they would be more supportive of me." -Student

### About NAMI

NAMI, the National Alliance on Mental Illness, is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. NAMI South Dakota and dedicated volunteer members and leaders work tirelessly to raise awareness and provide essential education, advocacy and support group programs for people in our community living with mental illness and their loved ones.
